GENERAL LIBRARY,
UNIV. OF MICH.
MAY 8 1899

INDEX TO VOLUME NO. III.

MARCH, 1898, TO FEB., 1899, INCLUSIVE.

	Page		Page
Ainsworth, B. C., Plant at.....	490-1	Controlling the car.....	430
Cost of maintenance and opera- tion	492	Cooke, Henry D.....	437
Efficiency of systems and the superior advantages of op- erating the simple machinery.....	495	Cost per car mile.....	430
Original cost of installa- tion	492-3-4-5-6	Cranes, Pneumatic	444
Utilization of small mountain streams	495	Cranes operated by air.....	543-4
Air Compressors	432	Cycles of operation.....	523
Air Lift, Pumping water by.....	447	Derrick, Air Motor to be applied to.....	551
Air Power Company.....	574	Development of Compressed Air.....	437
Alphabetical list of pneumatic inven- tions.....	592-3	Dewar, Professor, Table prepared by.....	433
Anaconda Mine, Experience with freezing air	521	Diagram showing flow of air.....	430
Apparatus used in candy manufactory.....	446	Diameter of water cylinder depends up- on the water to be pumped.....	583
Automobile, Compressed Air.....	432	Dispatch tubes, Batcheller.....	555
Baggage handled by compressed air.....	568	Bend in tube.....	563
Batcheller, B. C.....	437	Carriers	562
Beams on edge, Air Device to place.....	392	Cross section of sending ap- paratus	559
Bell Ringer	517	Cut-out switches for tubes.....	561
Bell ringer	573	Diagram showing pressure and velocity of air in pneumatic tube	558
Blowing Agitators	409	Sending apparatus and closed receiver	557
Boring holes in wood.....	443	Sending apparatus and open re- ceiver	556
Bridge work by pneumatic tools.....	527	Theory	559
Caisson Work, Cincinnati.....	580	Time lock for sending appara- tus	560
Capitalization of various Air Power Cos.....	574	Displacement pump (Pitcher & Ser- geant)	419-20
Cars, Weight of.....	430	Door opening by pneumatic mech- anism	531-2-3
Charging machine	392	Dredger for gold mining.....	403
Chime bells to ring.....	442	Drift pins driving.....	580
Chipping and drilling.....	444	Drills	392
Chronograph for locating obstruc- tions	564	Drilling machinery	517
Cleaning car seats.....	445	Driving drift pins with a new device.....	579
Compounding	451-2	Driving pumps by Compressed Air.....	580
Compressed Air applied to trav- eling motors by a new method.....	546-7-8-9		

	Page		Page
Driving Pumps by compressed air.....	585	Holland Torpedo Boat, Compressed	
Table giving the volume of free		Air on	405
air at pressures of 20 to 50 lbs.		Hot saw	394
required to pump any given		Hydraulic plant for compressing air,	
quantity of water to any height		continued	421
with the corresponding horse		Hydraulic plant for compressing air..	396
power required by the air cyl-		Hydrogen	446
inder to do the work.....	585-6	Illustrations, Wood boring, Motor....	479
Economies in the use of compressed air.	575	Improvements in pneumatic caissons,	
Advantages of Compressed Air		air locks and shafts.....	586-7-8-9-90
over other sources of power in		Indicator card of air compressor.....	542
deep mining	575	Inventions, Alphabetical list of.....	399
Cooler in-let which saved 5 per		Inventions—Alphabetical list of.....	423-4
cent.....	575	Inventions, Alphabetical list of.....	448-9
Great developments predicted....	575	Inventions, Alphabetical list of.....	466
Staging and Intercooling, and		Inventions, Alphabetical list of.....	482
how the latter might be im-		Inventions, Alphabetical list of.....	500
proved	575	Inventions, Alphabetical list of.....	518-19
Suggestions regarding the Suc-		Inventions, Alphabetical list of.....	552-3
tion Valve Chamber.....	575	Inventions, Alphabetical list of.....	572-3
Editorial on Motors, Compressed Air.	427	Jacket cooling.....	576
Electricity vs. Air Long Distance		Jets of air.....	569
Transmission	490	John P. Holland.....	405
Expansion of air, Effect of.....	522	Laboratory of Chas. E. Tripler.....	415
Explosion, Cause of.....	463	Lifting Cylinder for hot saw.....	392
Explosion in receiver	463	Liquefied air, Experiments with.....	412
Facts in regard to Air Power & Auto-		Liquefying apparatus, diagram of....	435
Truck Cos.....	574	Liquid Air	433
Formulæ for ascertaining how many		Liquid air (continued).....	452
cubic feet of free air necessary to pump		Liquid Air, Table of constants.....	435
water	580-1	Manhattan R. R. Shops, Plant of....	442
Foundations, Sinking cylinder.....		McConnell, J. H.....	439
	506-7-8-9-10-11	Men prominent in Compressed Air	
Freezing of compressed air.....	521	development	437
Freezing, To prevent.....	554-5	Mercury frozen by liquid air.....	414
Gasoline engine	446	Metropolitan Street Ry. Co.....	427
Gasoline plant	461-2	Mine haulage	525
Gauge testing	445	Mine Plant at Jumper.....	484
Gun, pneumatic, in warfare.....	533-4	Motor car, sectional view of.....	431
Halsey, F. A.....	438	Motor car will run 15 miles.....	431
Hammer for driving rivets.....	529	Motor, Experience with the Hardie..	483
Hardie, Robt.	438	Motor truck	429
Haulage, Mine	525	Motors, Cylinders and mechanism....	428
Haupt, General Herman.....	438	Newport News Ship Bldg. & Dry-	
Heating air	431	dock Co.'s plant.....	511-12-13-14-15-16
Heat developed, Formula for ascer-		Paint spray	569
taining	570-1	Painting Arbuckle Sugar Refinery...	417
High range air compressor.....	477	Painting by air.....	416
Hiscox, Gardner D.....	439	Painting machines	496-7-8
Hoadley-Knight Motor	430	Parke, R. A.....	439
Hoadley-Knight System	427	Passaic Rolling Mill.....	392
Hoists	392	Patents granted.....	401-2
Hoist, Drills, Hammer and Air Rivet-		Patents granted, March, 1898.....	424-5
ers	395	Patents granted April.....	450
Hoists in mining operations.....	535	Patents granted April, Con't.—May..	464-5
Holland Torpedo Boat.....	406	Patents granted June.....	481
		Patents granted July.....	501

	Page
Patents granted August	520
Patents granted September	537
Patents granted October	553
Patents granted November	573
Patents granted December, 1898.....	593
Percentage of work lost by heat of compression	451
Pneumatic drill	512
Pneumatic Jack	481
Pneumatic tools	479
Practical application of high range compressed air power trans- mission	575-76
Prellwitz, Wm.	440
Pressinger, Whitfield P.	440
Preventing explosions	463
Printing machinery—Can it be op- erated by Compressed Air?.....	536-7
Professor Tripler, Experiments by....	412
Pumping by compressed air.....	530
Pumps driven by compressed air.....	566-7-8
Pumps run by Compressed Air.....	410
Quarry Plant	418
Railway, Hopcraft's pneumatic.....	457-8
Rammer, Portable pneumatic.....	458-60
Ratios of diameter of air cylinder to diameter of water cylinder.....	584
Reamers	392
Receivers	392
Refrigeration by Compressed Air.....	522
Refrigeration	524-5
Reheater and Air Reservoirs.....	420
Reheating	409
Reheating Air	411
Reheating air	422
Reheating of air.....	578
Reheating air	569
Reheating air	483
Reheating air	484
Researches of Chas. E. Tripler.....	433
Reservoir storage	431
Richards, Frank	440
Riveter	513-14
Riveters	392
Riveting on bridge.....	528
Riveting plant.....	590-1
Rix, Edward A.	441
Rolling Mill, Paterson, N. J., Air in.....	391
Rolls	392
Sand blast for cleaning wall.....	468
Sand Blast, Putting sand in.....	469
Saving effected by compressed air.....	412
Sergeant, Henry C.	441
Sewage pumping by compressed air.....	485
Sewerage Works, Norwich.....	485-6-7-8-90-1
Ship building.....	511

	Page
Shop service, Air Compressor for.....	549-50-51
Slate Co., Washington, Plant of.....	418
Soapsuds for avoiding explosions.....	464
Specific heats of air.....	454
Stage compression	451
Sterilizing milk	402
Storage Reservoirs	431
Storage Tank	411
Street railway to be equipped.....	422
Street railway	426
Submarine Torpedo Boat, Invented.....	405
Substituted for Steam, Compressed Air	408
Supply Co., Air.....	535
System, Hoadley-Knight	428
Table of isothermal and adiabatic compression	467
Tamping Track by Compressed Air.....	503-4-5-6
Taylor system of hydraulic compres- sion	490
Test of Air Compressor.....	541-2-3
Tests of a King-Riedler engine, Di- mensions of	472
Boilers	472
Coal	472
Condenser	472
Data	473
Drills	472
Jackets	472
Results	474
Summary of main details.....	474-5
Thomas, J. W., Jr.....	441
Tide Water Oil Co., Plant of.....	408
Traction and Consumption of air.....	430
Traction, Pneumatic	498
Transfer Tables	392
Transfer Table	393
Traveling Motor.....	546
Tripler, Chas. E.	442
Trompe, Air Hydraulic Blower, Early history of	538
Trompe, The first hydraulic com- pressor	539-40-1
Truck-Auto, Co.	574
Truck, Compressed Air.....	545
Tubes exploded by liquid air.....	454
Valves, Piston	469-70
Vertical Drill, Chipping tool.....	480
Volumetric efficiency	404
Wall before cleaning.....	468
Weber, Frederick C.	442
What air does.....	429
Whitewashing by compressed air.....	465
Windmills for operating compressors.....	499
